Cleveland, Tennessee.

Who we are For.

The editor of this paper having been chosen to represent the Republicans of the third district in the National Convention which meets in Chicago on June 2nd, a great many may desire to know our views on the subject. Those that have read the **HERALD** closely fairly understand our stand, but to those who have not we will state first, our preference is Gen. U. S. Grant, of America. But in this matter we desire all to fairly understand that we are not crazy over the General, and if we are convinced hereafter that he is not the strongest man before the people, and is not the man to carry the close states, we will undoubtedly cast our vote in said convention for the man whom we then believe to be that man. Should that man be Blaine, Sherman or Washburn, we will not hesitate to support either. We believe we are right in our opinions on this subject and shall stand by them to the last.

Judge Alvin Hawkins.

The Republican candidate for Governor is a citizen of Carroll county, and was at one time on the supreme bench. He is a gentleman of the first order, and has a character that is unassailable. Though he may not be elected, still no Republican will have cause to be ashamed of him. He will make a thorough canvass and present his ideas to the people. He favors paying all the State debts—no more nor less, and consequently can be supported by any honest man who wants to see our State redeemed from the gang of rogues that have been robbing her for the past ten years.

The Chattanooga Times, speaking of State issues says: "Times, one of the Republican delegates from this Congressional District to the Chicago Convention, has advocated in his paper, steadily and forcibly, the doctrine set out by Governor Marks, to-wit: that the State debt should be paid in full—except war interest—and the State should repudiate all obligations to pay one dollar on the bonds issued to aid the building of railroads. We note a half dozen other names figuring more or less prominently in the proceedings at Nashville who are pronounced repudiators of the State's Etheridge school."

The Times misrepresents us on this subject. We have never, or will we ever, advocate repudiation of any honest debt. We have said, and now stick to it, that a lot of bonds issued to assist in the building of certain railroads were sold for less than face value and in open violation of law. We say pay those off at exactly what they sold for but not repudiate them.

The Times also makes the following assertion: "In the lower counties of East Tennessee the rank and file of the party are nearly to a man in full accord with Tipton of the Cleveland Herald."

The Times is right about that part of it, and if the Republicans once get hold of Tennessee the debt will be honestly paid and settled.

JUDGE KENNY, of Ashland, an old wheel-horse of Ohio Democracy, thus responded to a serenading party the other evening at Columbus, during the progress of the State Convention: "Gentlemen, I have but a few words to utter. For the last fifteen years the Democratic party has ceased to be Democratic. It has been running after false gods, and the sooner we cease running after them the better. We have greenbacks and National banks. They are the bastard brats of the Republican party. The sooner we get rid of them, and go back to gold and silver, the better it will be for us; and if you do not know enough to do that, may God have mercy on your souls."

This goes to prove our predictions, that the Democracy this year would declare for hard money instead of soft. Now where are their greenback platforms?

The report being circulated by one or two designing parties that Mr. J. H. Smith of the 12th district, late candidate for sheriff, and his friends, will not support Mr. Carson for sheriff, is undoubtedly false. We have known Mr. Smith a long time and he is an honorable man. Under the resolution of the county convention he pledged his word and honor that he would abide by the decision of the convention and support the nominee. For that reason alone, we know Mr. Smith will be as good as his word. He could not do otherwise and be an honorable man. We are strongly of the opinion that the report is being circulated by his political enemies to injure him in the future. They know if they could get Mr. Smith to bolt that it would ruin him forever with his friends; and that he would be out of the way in the future. They fear his popularity.

Rush to the New Gold Fields.

The sensation caused by the discovery of gold mines of rare wealth in Georgia prove to be well founded. Parties from Dahlonega report that several new mines, with rather richer deposits than any known in the State, are just discovered, one party taking \$1,600 out of an abandoned mine which had yielded \$200,000. In several counties large nuggets and rich veins are discovered where no gold was expected. These reports are causing a rush of adventurers to the gold regions. Speculators are fast buying up all the claims.

The Tennessee Republicans, in their State convention, took strong ground against repudiation. The Republican party that stood up for honest money must stand up for the payment of honest debts.—Cincinnati Gazette

The Grant men had a small majority in the State convention. The Blaine men were very strong. The delegation stood, Grant 10 and Grant 8.

TENNESSEE REPUBLICANS.

Delegates Elected to the Chicago Convention.

Ex-Supreme Judge Hawkins nominated for Governor.

The Republican Convention of the State, met in Nashville May 15th, at 12 m., and was called to order by J. R. Dillon. W. H. Young, of Davidson, was made Temporary Chairman. The usual committee on credentials and permanent organizations were appointed, and made their reports. J. R. Dillon was elected chairman over T. H. Reeves, by a vote of 255 to 255.

The committee of credentials reported counts represented amounting to 535 votes—delegates present, about 300.

The convention was addressed by Hon. Stanley Matthews, of Ohio.

The committee of platform reported the following which was unanimously adopted, viz:

THE PLATFORM.

Mr. Gibson, from the Committee on Resolutions, then submitted the following: The Republican party of Tennessee in convention assembled, at Nashville, May 6, 1880, do declare as follows:

Resolved, That we, hereby, reaffirm our devotion to the National Republican party, and its principles as set forth in the platform of 1860, and to the maintenance of the Union of the States under the Constitution.

Resolved, That the bonds of Tennessee heretofore deliberately recognized by the Republican and Democratic parties as legally issued, are a valid indebtedness, binding in law and in morals upon the property and conscience of the State; and that any attempt to impair the obligations of that indebtedness, or to readjust it, or scale it, or in any other manner to change the letter and spirit of the contract, without the voluntary consent of the bondholders previously, fairly and understandingly obtained, is downright repudiation and an act of high-handed dishonesty. [vociferous applause.]

Resolved, That any voluntary proposition from our creditors to take less than the face value of their bonds, in consequence of losses incurred by our citizens during the war of the rebellion, should be thankfully and unhesitatingly accepted, and the new contract faithfully and promptly complied with; and we denounce the refusal of the Democratic party to accept the 60 and 5 proposition as the refusal of a liberal and voluntary reduction; and we recognize in said refusal, overwhelming evidence that a large majority of the Democratic party intends to repudiate the bonded debt of the State, and thereby to subject our State to the opprobrium of all people who regard the contracts of a State with her creditors as of sacred inviolability. [Long continued cheering.]

Resolved, That the reasons prompting the Democratic party of Tennessee and other States of the South to repudiate the debts of their respective States will when logically carried out, prompt them also to repudiate the entire war debt of the United States; and we hereby declare our solemn judgment to be, that, as soon as the repudiating element of the Democratic party has wiped out the debts of their respective States, they will declare in favor of repudiating the debt incurred by the Nation in preserving the Union. [Applause and cries of "That's so!"]

Resolved, That we renew our declarations in favor of free common schools for the education of all the children of the State, we believing that school houses are cheaper than Court houses and that intelligence is the mother of morality and liberty.

Resolved, That we recognize the rights of the laboring men and women of Tennessee as deserving of our most tender parental solicitude, and we denounce all legislation that discriminates against the poor and in favor of the rich, believing that the poor should be protected, that labor is the creator of all our wealth, and that there can be no permanent public or private property except it be based upon perfect harmony between labor and capital. [Loud cheering.]

Resolved, That we are opposed to bringing convict labor into unnecessary competition with free labor, and, as one means of preventing this, we favor the employment of penitentiary convicts, below a certain grade, on public works and improving the public roads throughout the State. [Applause.]

Resolved, That we are in favor of law and order and opposed to mob violence; that we demand the impartial enforcement of the law everywhere and at all times; that we denounce social ostracism because of political opinion as a standing reproach to a free government as calculated to discourage the incoming of capital and labor, and as destructive to the business prosperity of the people; that we advocate all measures that promote peace, protect industry, encourage temperance, and advance morality; and we pledge the voices and votes of the Republican party to every good word and deed that will benefit the individual, build up the State and strengthen the Nation.

THE DELEGATES TO CHICAGO.

R. R. Butler, of Carter, from the committee appointed delegates from the State at large to the Chicago Convention, reported the following list, including the delegates and alternates appointed by the respective districts:

The convention then proceeded to the nomination of a candidate for Governor:

The following names were presented to the convention:

Hon. W. P. Gilleanwaters of Hawkins county.

Judge Alvin Hawkins, of Carroll county.

Hon. A. M. Hughes, of Maury county.

Hon. Thos. C. Muse, of Madison county.

On the 7th ballot, Judge Hawkins was nominated amid great excitement. Hawkins was then called for, but being absent at the General Methodist Conference, he was represented by Judge McClain, who declared Hawkins would accept and make a thorough canvass.

THE STATE EXECUTIVE COMMITTEE.

The following State Executive Committee was reported by the committee on that subject, to serve the ensuing two years:

ELECTORS FOR STATE AT LARGE

were chosen as follows:

Hon. A. A. Taylor, of Carter.

Gen. Geo. Maney, of Davidson.

The delegates to Chicago were left uninstructed.

General Joe Johnston's Retirement.

GENERAL JOE JOHNSTON says he will retire from public life at the end of his present term. He has received many letters from Virginia, asking him to reconsider and remain in Congress, but he will peremptorily decline a re-nomination. He could get it without even the asking, but Washington political life is not to his taste. He says he owes much of the activity and vigor of his old age to an outdoor life, and he finds the duties of a member of Congress too confining. Besides, he has no taste for it. During his brief service in Congress, General Johnston has made himself very popular with both parties. He is particularly popular with the army officers, for his course as a member of the Military Committee has been very liberal toward the army, and he has wielded a good deal of influence among the Democrats. It is probable that General Johnston will resume insurance business in Richmond.

Cincinnati Commercial: When John Sherman became Secretary of the Treasury the public debt, less cash in the Treasury, was \$2,051,826, 686 62, and the annual interest charge was \$94,403,645 59. The debt is now \$1,949,422,654 39, upon which the annual interest charge is \$80,946,055 00. The principal of the public debt has been reduced during the present administration \$133,334,032 23, and the annual interest charge reduced \$13,457,590 50. These are formidable figures and show good management.

The Nashville American, the leading Democratic paper of the State, says of our candidate for Governor: "The Republicans have nominated a gentleman of character and ability, and the contest must be one involving principles and political record, and not mere personalities. Judge Hawkins stands well with men of all parties in West Tennessee, and is favorably known for personal worth throughout the State."

The Rhea Springs News says it will give all its support to the nominee of the Democracy. There now! Democracy may feel good; it is safe, safe, safe—with the News at its back.

The late State convention was the largest Republican gathering held in the State for twelve years. The House of Representatives was filled to overflowing—about 1,000 delegates being present. The meeting was harmonious.

The Greenback State convention met in North Carolina last week. Only four men were present.

The Ohio Democratic Convention have declared for Thurman for President.

The State convention failed to endorse Hayes and his administration.

The Maryland and New Jersey conventions have declared for Blaine.

At Gadara.

FOR THE WEEKLY HERALD: W. B. Brown made his appearance at the Gadara School house on the 2nd inst. as announced, and delivered a Sunday School address that will be remembered by many. While it did not sparkle with wit and humor, it was replete with common sense, deep thought, and originality. He explained the benefits of an education, the necessity of moral training, and the advantage of the living teacher. LUTHER HUMPHREY.

CATARH

CATARH is the forerunner of Consumption, Bronchitis, Dyspepsia, Liver Complaint, Female Diseases, Nervous Debility and Premature Death.

CATARH may manifest itself by a running or discharge from the front or back portion of the nose, by hawking, raising of mucus and tickling of the throat, loss of voice, loss of smell, loss of taste, partial or complete deafness, the formation of scabs in the throat and nose, much of the breath and nose, **BLINDNESS** in the eyes, dizziness, weak, faint feelings, costiveness, irregular appetite, and a sense of restlessness, nervous weakness, with more or less loss of memory. These symptoms may all exist, or only a part of them, in any one case.

CATARH is produced by specific GERMS or PARASITES lodging on the mucous membrane of the nose, throat, lungs, bowels, bladder, liver, kidneys, and womb is also very common, producing Biliousness, DYSPEPSIA, Diarrhoea, Catarrh, and other facial maladies. When it localizes in the throat and lungs it produces BRONCHITIS and CONSUMPTION. In all cases the parasites exist in the BLOOD, and produce every conceivable form of blood poisoning. Some forms of the Catarrh germs produce ASTHMA, HAY FEVER, Neuralgia and violent fits of coughing, while others cause Bilious Fever, Inflammation of the Lungs, Pleurisy, Erysipelas, Skin Diseases, Falling of the Hair and Premature grayness.

PROF. PAINE has discovered a VAPOR that as positively cures and kills these parasites as water extinguishes fire—it is called the **CATARH VAPOR**. He has a pill called the **LIVER RENOVATOR**, which kills all the disease in the Stomach, Liver and Bowels, cures Constipation, and never leaves you constipated. He has also called **PROF. PAINE'S TONIC TEA**, that never fails to cure all Female Debility; a **NERVE TONIC SYRUP**, that cures all forms of Nervous and Rheumatic Debility; and a **SKIN TONIC**, that cures all forms of Skin Diseases, such as Eczema, Scabies, Pimples, Bores, etc., and all other skin diseases.
